Strategic Product Manager with 7+ years of experience driving AI-led process transformation and digital innovation across P&C Insurance. Proven expertise in managing complex product roadmaps, translating business needs into scalable digital solutions, and aligning cross-functional teams across engineering, operations, and business to deliver measurable customer and business outcomes.

PROFESSIONAL HISTORY

Product Manager — **June 2023 - Present**
ICICI Lombard — Hyderabad, Telangana, India

- Reduced policy approval TAT by 83% and manual inspections by 60% by orchestrating AI-led vehicle inspection automation, which successfully decreased annual operational expenses by 1.5 Cr+ while significantly enhancing the digital customer experience.
- Owned a 12-month product roadmap by synchronizing engineering, operations, legal, and UX stakeholders, and rigorous project tracking to ensure 100% on-time delivery of all critical technology features and seamless cross-functional execution across teams.
- Spearheaded the development and integration of 6 ML risk models into fraud detection workflows, leveraging AI tools to boost fraud detection penetration by 20% while ensuring consistent claim approval rates through cross-functional coordination and phased project execution.
- Managed portfolio of 7+ GenAI projects, leading voice analytics to detect fraud inconsistencies from customer and surveyor conversations.
- Lead document intelligence for underwriting intake, completing two POCs for classification and extraction with implementation ongoing.
- Increased DIY inspection adoption by 30% by integrating self-serve workflows and resolving 15+ critical UX friction points.
- Engineered 5+ leadership dashboards using real-time analytics to monitor revenue leakage and fraud, driving decisions and process optimization.
- Owned a claim admissibility decision engine with 20+ automated checks, coordinating engineering and business teams to deliver ₹3.5 Cr+ savings.

Product Manager — **January 2022 - April 2022**
Galaxeye — Chennai

- Executed PMF framework and validated 100+ applications to inform strategic product roadmaps and critical design decisions.
- Analyzed 12+ competitors to identify 3 white space opportunities, shaping strategic feature priorities and product roadmaps.
- Developed adoption and retention dashboards to provide critical market insights for early-stage product development and growth.

Data Analyst — **January 2018 - July 2021**
Tata Consultancy Services — Bangalore

- Delivered 20+ Power BI dashboards, improving decision-making speed by 40% through advanced SQL and ETL processes.
- Reduced report refresh time by 50% through optimized data modeling, improving system efficiency and user experience.
- Optimized operational efficiency by automating performance reports and streamlining complex data workflows using SQL and Python for stakeholders.
- Developed Power BI reports with 10+ KPIs to provide actionable financial insights and optimize organizational performance.

CORE CAPABILITIES

Product Management	Product Roadmap, Product Strategy, KPI Monitoring, PRD Documentation, User Stories, Prioritization, Requirement Elicitation, Backlog Management, Market Research, Workflow Design
Project Governance	Stakeholder Management, Agile Methodologies, Jira, Risk Mitigation, Release Planning, OKRs, Cross-functional Collaboration, SDLC, Backlog Refinement, Project Governance
Automation & AI	GenAI Integration, Machine Learning (ML), Process Automation, AI Tools, Power BI, SQL, Python, Workflow Automation, Data Integration (ETL), Data Modeling, ML Ops, Azure, Kubernetes, Docker
User Experience	UX Design, Figma, Mobile App Integration, Journey Mapping, User Research, User Personas, Omnichannel CX, Balsamiq, Conversion Funnel Optimization, User Stories
Business Transformation	Business Process Re-engineering, Operational Efficiency, Roadmapping, Functional Transformation, Gap Analysis, Solution Implementation, Change Management, Future-State Analysis, ROI Modeling, Market Research

EDUCATION

Indian Institute of Management, Ranchi — **2023**
MBA | IT, Strategy

Gayatri Vidya Parishad — **2017**
Bachelor of Technology | Mechanical Engineering
